AWARD-WINNING POOLS

We have achieved many milestones over the years and are extremely proud to have received numerous industry accolades through the prestigious Swimming Pool & Spa Association (SPASA) Awards of Excellence.

Amongst these awards are National Gold for Best Fibreglass Pool and Best Display Centre. We have also won numerous Gold awards at the state SPASA Awards of Excellence.

All of which allow us to say with confidence that our award-winning swimming pool designs will help transform your dream of a poolside lifestyle into a stunning reality.

THE BUCCANEER ADVANTAGE

SEVEN REASONS WHY YOU'D RATHER BE IN A BUCCANEER POOL

SUPERIOR PROTECTION Available with Pool ColourGuard® surface protection, which resists the effects of UV rays and chemicals. It's like sunscreen for your pool.

QUALITY ASSURED Certified to build to AS/NZS 1838 BMP No 520101. We are measured and tested by an authorised, independent auditor. Anyone can say they build to the Standard. For your peace of mind always ask for a license number.

LIFETIME WARRANTIES Pool ColourGuard® Lifetime Interior Surface Guarantee* and Extended Lifetime Structural Warranty - our commitment to providing extended warranties above those standard in the SPASA contract.

ANTI-MICROBIAL PROTECTION Microtech Anti-Microbial Pool Protection guards the pool's surface against the growth of bacteria, making it exceptionally hygienic and safer for your family.

SUPERIOR STRENGTH Full-sized structural ribs, fully supported steps and bench seating and a wider edge beam mean the pool is independently structural and eliminate the need for secondary engineering works. New high strength, corrosion resistant fibreglass produces a stronger, stiffer pool - pools are up to 20% stronger.

SUPERIOR MATERIALS All pools are manufactured using new generation, high performance, corrosion resistant, eco-friendly fibreglass with improved strength and stiffness. Our onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used - no general purpose products.

MADE IN WA All pools are individually made to order, to suit local conditions, at our metropolitan based manufacturing facility, the largest and most technologically advanced pool production premises in WA.
